

August 15, 2011

Mr. Tom Gainer
Oregon Department of Environmental Quality
2020 SW Fourth Avenue, Suite 400
Portland, OR 97201-4987

**Subject: Terminal 4 Slip 3 Upland Facility
Quarterly Progress Report – April through June 2011
ECSI No. 272**

Dear Tom:

The purpose of this letter is to provide the Oregon Department of Environmental Quality (DEQ) with a quarterly progress report for the Terminal 4 Slip 3 Upland Facility (Facility). Enclosed with this progress letter is a copy of the *First Semi-Annual 2011 Groundwater Monitoring and LNAPL Removal Report*. Per Tom Roick's e-mail to Ms. Amanda Spencer of Ash Creek Associates on February 21, 2006, the reporting period for the progress report is coincident with the monitoring and reporting schedule for groundwater and LNAPL monitoring at the Facility.

This letter satisfies the requirements of the Consent Judgment filed in Multnomah County Circuit Court in October 2004, which includes the following for the reporting period October through December 2010:

- Actions taken under the Consent Judgment;
- Actions scheduled to be taken in the next reporting period (July through September 2011);
- Summary of sampling, test results, and any other data generated; and
- Problems experienced.

Actions Taken under the Consent Judgment:

- Conducted the first semi-annual 2011 groundwater monitoring event;
- Worked on the *Storm Water Source Control Implementation Report*; and
- Continued LNAPL removal using the LNAPL removal schedule described in the LNAPL Removal and Groundwater Monitoring Contingency Plan. A high vacuum extraction event (via vacuum truck) was completed in February. Approximately 6 gallons of product were removed during this period and 42 gallons between January 1 and June 30, 2011.

Actions Scheduled for the Next Reporting Period (July through September 2011):

- Continue LNAPL removal; and
- Submit the *Storm Water Source Control Implementation Report*.

Summary of Sampling, Test Results, and any other Data Generated:

- A copy of the *First Semi-Annual 2011 Groundwater Monitoring and LNAPL Removal Report* is attached and contains the analytical results from the groundwater monitoring event and the results of LNAPL removal for January through June 2011.

Problems Experienced:

- None.

Please call me at (503) 415-6676 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Madalinski". The signature is fluid and cursive, with the first name "Kelly" and last name "Madalinski" clearly distinguishable.

Kelly Madalinski
Environmental Project Manager
